About

Learning Empowered has a long history in the community. It was founded in 1975 as UMCM Suncoast (United Methodist Cooperative Ministries/Suncoast, Inc.) by the United Methodist Church to address the unmet needs of the local community in St. Petersburg.

In 2019, they knew it was time to evolve as an organization. After an exhaustive and thoughtful process, they became Learning Empowered! An organization dedicated to using the inherent intelligence, passion, and drive in their clients and supporters to change the world.

Early Learning

Working with young children is the bedrock of their organization. It is where they started. Learning Empowered understands the importance of early childhood education for lifelong learning and learning abilities.
